AMPD APPOINTS CHESHIRE MORTGAGE CORPORATION TO LENDER PANEL

The Alliance of Mortgage Packagers and Distributors (AMPD) are very pleased to announce they have added Cheshire Mortgage Corporation, part of the Blemain Group, to their panel of packaged mortgage lenders.

Liza Campion, Lender Relationship Manager for AMPD said. "The appointment of Cheshire Mortgage Corporation to our packed panel at this time delivers a strong message to the market that AMPD is maintaining its position at the forefront of product development. Cheshire Mortgage Corporation expands our existing offerings, particularly in the difficult to place heavy sub-prime sector, with products that address the needs of intermediary clients in both the first and second charge markets. The products include micro loans from £3,000, Right to Buy and Shared Ownership products, all areas that we have seen lenders vacate over recent months."
