AMPD APPOINTS MONEY PARTNERS TO LENDER PANEL

The Alliance of Mortgage Packagers and Distributors (AMPD) has appointed **Money Partners** to its lender panel. The new arrangement means that Money Partners' range of specialist mortgage products will now be available to AMPD members.

This appointment follows AMPD's new member policing and Lender Protection Plan measures that were implemented as of 18th April. These series of improvements in the reporting and payment structure, combined with a financial compensation scheme, have been tailored to offer security to customers within the current unstable market conditions.

Liza Champion, Lender Relationship Manager for AMPD said, "We are delighted to be appointing Money Partners to our lender panel. AMPD is looking to forge strong relationships with its lender partners and putting the foundations in place now with the likes of Money Partners is vital for AMPD's strategy going forward."

Martin Gilsenan, Sales Director at Money Partners, added: "Expanding our reach in the market is a key focus for Money Partners. As a not for profit organisation, AMPD is committed to offering the best products to its intermediary members and we are pleased to be able to add our range of specialist mortgage products to their portfolio."
